

Cluster 126 x 170 (4) (Model: RB246)

126x170mm

- Regalead decorative glass bevels are designed primarily for the overlay market and are manufactured from 5mm float glass which is bevelled down to a 1.5 1.8mm edge.
- These fine edges make the bevel pieces ideal for using with self adhesive lead but also suitable for customers working with traditional lead cames or copper foils.
