

Glass Gate Magnetic Latch - 8-10mm Thick Glass ( Model: KSS.GATELATCH.001 )

- The MagnaLatch Side Pull Model is an inexpensive, magnetic gate latch that offers simple, effective latching for swimming pool and other glass gates.
- With a new sleek design, it offers horizontal and vertical adjustment of up to 8mm for quick installation and extends the life of a gate by allowing easy accommodation of gate sagging and movement over time.
- The Side Pull Glass Gate Hardware Kit is specifically designed to fit glass pool gates and 50mm round posts.
- Patented magnetic self-latching quality moulded polymers and stainless steel dress caps to hide screws.
- Engineered for ease of installation.
- Won't disengage from shaking and pulling.
- Magnet is sealed from the elements.
- Suits left or right handed gates.
- No mechanical jamming during closure.
- No rusting, binding or staining.
- Reduced installation time and costs.
