

UV Glass to Glass Bond 'Blue' 665-0 (Model: R0028)

- Verifix 665-0 UV curing
- Thin and crystal clear
- Good capillary action for bonding glass to glass
- Low viscosity
- Time-saving
- Not waterproof over time.
- Features:
 - Two and three dimensional glass constructions, static loads, quick, efficient production cycles.

Attributes:

Product Code: R0028

Unit Of Sale: Each
