

Adjustable 90 Degree Pro Suction Holder Kit For UV Bonding (Model: R0034B)

- The Verifix® Pro angle suction holder is a high quality product topping the list of positioning and fixing devices for glass bonding.

- Especially in the case of UV bonds, as is common in glass furniture or showcase construction, Verifix® Pro offers superior protection against vibration and slipping - both for corner and T-joints.

- Exact adjustment of the bonding gap (= thickness of adhesive layer) extremely sturdy Suction cups ø 110 mm 75 x 76 x 75 mm (length x height x width)
